

Redstar Attending Zurich Precious Metals Summit, Alaska Miners Association, San Francisco Silver and Gold Summit, and London Mines and Money Conference

November 6th, 2017: Redstar Gold Corp. (TSX.V: RGC, OTCQB: RGCTF, FRA: RGG) ("Redstar" or the "Company") welcomes you to join or contact its executives at four upcoming conferences in November, at which the Company is either in attendance, exhibiting or presenting. For more information, please visit www.redstargold.com.

Alaska Miners Association, Anchorage, Alaska (November 5-11, 2017)

The mission of the Alaska Miners Association (AMA) is to advocate for and promote responsible mineral development in the state of Alaska. The Alaska Miners Association serves as a clearinghouse for information and a center of expertise for our members and all Alaskans. AMA advocates to the public and policymakers about practices that ensure the livelihood of Alaska's mineral industry.

Precious Metals Summit, Zurich (November 7-8, 2017)

Redstar's presentation by Executive Chairman Jacques Vaillancourt on Tuesday November 7 @ 3:15 pm.

Precious Metals Summits are by-invitation events designed to help institutional investors and corporate development executives from senior mining companies identify some of the most prospective precious metals producers, developers and explorers from around the globe. The Summits offer delegates the opportunity to meet one-on-one with senior management, attend corporate presentations and listen to best-in-class keynote speakers.

Silver and Gold Summit, San Francisco (November 20-21, 2017)

The Silver and Gold Summit facilitates discussions and debates on precious metals trends, geopolitical risk and investment opportunities within the natural resource economy. Gathering the top thought leaders, CEO's, investment professionals and retail investors from around the world, the Silver and Gold Summit provides an unmatched opportunity for investors to get a behind the scenes look at how to make money investing in the resource industry.

London Mines and Money, London, England (November 27-30, 2017): Booth G1

Mines and Money is the leading international event series for mining investment and capital raising. We connect miners with money and investors with opportunity.

About Redstar Gold Corp.

Redstar is well-financed junior exploration company, with a very strong, supportive institutional shareholder base, no debt, and is focused on high-grade gold exploration and advancing its high-grade Unga Gold Project in Alaska. The 100% controlled Unga Gold Project is an intermediate sulfidation epithermal high-grade gold project on a district scale, with the property encompassing approximately 240 km², and containing multiple high grade gold zones drilled or identified at surface. The former Apollo-Sitka gold mine, located on the southern Apollo-Sitka Trend, was Alaska's first underground gold mine and the site of historic high-grade (~10 g/t Au) gold production. The Unga Gold Project has extensive infrastructure with daily flights from Anchorage landing on a one mile long paved airstrip and a deep-water port on neighboring Popof Island, and a moderate climate noting it resides at the 55th degree latitude and next to tidewater. In addition, Redstar owns approximately 19.5% of NV Gold Corp. (TSXV: NVX). Redstar also owns 30% of the Newman Todd Gold Project, in Red Lake, Ontario, Canada.

On Behalf of the Board of Directors,

Peter A. Ball, President and CEO

Forward-Looking Information This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address events or developments that Redstar Gold Corporation (the "Company") expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
